Re: **Genesis Alkali Sodium Carbonate - Continuing Guarantee – Country of Origin**

Dear Valued Customer:

This letter is to confirm that the manufacture of Genesis sodium carbonate (Soda Ash - all grades) is based on the refining of trona ore, a naturally occurring mineral sourced at the Genesis Green River facility located in the U.S.A. The product does not contain any adverse contaminants as part of its origin. Its purity is >99% with trace naturally occurring mineral content.

This guarantee continues with the product only as long as the product remains in the original unopened container from the Genesis plant in Green River, Wyoming.

Please contact me if you have any questions.

Sincerely,

A handwritten signature in black ink that reads 'Michael Kemmerer'.
