**Re: Sodium Bicarbonate Country of Manufacture & Manufacturing Address**

Dear Valued Customer:

This letter is to confirm that Genesis Alkali, LLC manufactures 100% of the sodium bicarbonate product in the United States of America at the Green River, Wyoming facility. The Genesis Alkali Wyoming, LP facility in Green River, Wyoming borders on Highway 374 and Westvaco road traverses through the center of the property. Corporate documents often reference either Highway 374 or 580 Westvaco Road on the address. Both addresses represent the same corporation (Genesis Alkali) and facility location.

Please contact me if you have any questions.

Sincerely,

A handwritten signature in black ink that reads 'Michael Kemmerer'.
