

Caustic Soda (50%): Non-Food Grade Statement

Genesis sodium hydroxide solution, 50% (caustic soda), is manufactured according to standards that are consistent with the various industrial and chemical uses of caustic soda. The product is submitted quarterly for testing to the FCC specifications for sodium hydroxide; although the material meets the FCC specifications, it is not produced in a GMP facility. Genesis does not maintain a HACCP plan or GFSI (or other food safety system) certification for our sodium hydroxide production facility. Therefore, Genesis does not certify or represent this product as “food grade”.

Read the product Safety Data Sheet (SDS) prior to using the chemical.
